Subject: Final Approval of Permit Transfer, Staker Parson Companies, Point West, M/035/0042, Salt Lake County, Utah

Dear Mr. Parson:

On February 17, 2011, the Division Director approved the Interim Replacement Surety for the Point West quarry transferring reclamation responsibility from CMC Rock LLC to Staker Parson Companies. You are now solely responsible to conduct mining and reclamation operations as outlined in the DRAFT Notice of Intention. CMC Rock, LLC is hereby released from any further reclamation liability under this permit.

The Division's most recent review of the plan was sent February 9, 2011; **please respond to the review no later than April 11, 2011.** A response deadline is needed because this is a disturbed site without an approved plan. Failure to respond by this date could result in enforcement action.

The Division would normally include approved replacement pages for the Notice of Intention to Commence Large Mining Operations (NOI), but these are not being included because the NOI is not approved.

Thank you for cooperation in completing this permit transfer. Please refer to file M/035/0042 in any correspondence regarding this operation. If you have questions regarding this letter, please contact me at 801-538-5261 or Leslie Heppler at 801-538-5257.

Sincerely,

Paul Baker
Minerals Program Manager
